Locally we wish to organise an event, Wednesday 14th October at 6:30 pm, where we can engage our local authorities to speak on local transport issues, and particularly seeking contributions from groups that are campaigning on the intersections of race and transport, and the accessibility of transport, and who understand the local context. 9th -16th Nov - Exhibition and Conference “Our Journey to Sustainability” **POSTPONED**

By putting on this exhibition with Chester Cathedral, the Chester Sustainability Forum aims to display the wide range of responses to the climate emergency that are being planned and implemented by the many faith groups, environmental groups, businesses, and political parties which share the common objective of improving the environmental sustainability of Chester and its surrounding area.

These events were originally planned for May 2020 but provisionally postponed to the November dates in light of the Covid-19 pandemic. The Chester Sustainability Forum and Chester Cathedral have recently decided on a further postponement until 2021. Exhibition participants and CSF supporters have been duly notified. The position will be reviewed in January 2021.
